

Joseph Etan Destin

Attends Saint Luke Chapel

Five children

Agriculture Program

Wife is a Member of the Women's
Empowerment Bank

How does the program help you? Answer: The program is helping me well. It makes me work better. It makes me have better yield. It makes us do better work too. We harvest more.

What did you plant before attending the program? Answer: I used to plant potatoes, corn, beans; I used to plant plantains etc.

What do you plant now? Answer: After the training we plant more; now we plant peppers, cabbage, legumes etc.

When you harvest, do you sell your product? Answer: Yes, we sell our products in the market.

Do you have good yield? Answer: Yes, sometimes, because of the situation of the country, some of our products are not sold.

You are part of one of the program that Margaret Mary implemented in the Chapel, does that help you to better support your family? Answer: Yes, that helped me to better support my family. And the Wpmen's Bank give us a loan, so my wife is doing some business too. And many times before there was a little problem with money for the school but now we find it easily and food too.

What is good in the agriculture program? What must be done to improve it? Answer: In the agriculture program everything is good. Anyway, what we would like is for the agronomist to be not to be far from us. Many times, when they give us the training we work better.

Do you have more profit now? Answer: Yes, we do have more profit. To get more success, we need all kind of plants It is what the agriculture program requires and if we get all of them, it will be good for us.

When you say all kind of plants, what kind of plants? Answer: Corn, beans, plantains, yams we need all of them.

How is the community now? Answer: For me the community, it would be good but based on the situation of the country, the community is shaking. Thanks to the programs of St Margaret Mary, the community is new: there are some people who had already left the church but now thanks to the programs, there are people walking back to us.

If you want to say something to the Saint Margaret Mary people, what would you say? Answer: What I would like to say to the St Margaret Mary people, I am saying thank you to them and I say to them "good continuity".
