

IDALISE FORTUNÉ.

I have four kids.

Attends Lady Of Fatima  
Chapel.

I'm in the Livestock Program  
since August 2020

### Interview with Idalse Fortune'

**How many goats do you have?** Answer: I have two goats.

**How does the Livestock Program help you?** Answer: I didn't have any animals when they give the goat to me. I was so happy because I like raising animals. In the morning when I woke up and I noticed that I didn't have animal to take care of, I felt unhappy. When they gave me the goat that really pleased me.

**How does that work for you?** Answer: In the training Mr. Baba said to me that I will give one back to the committee and the rest are mine. My goat gave birth to two females. I gave one back because in the training Mr. Baba said to me that I have to turn one and the rest is mine. She gave birth to two girls. I turned one. Now, the two remaining are pregnant. Now I am hoping. If the mother gives me two and the girl gives me two and I would have six goats.

**What do you do with the goat manure?** Answer: What I do with the goat manure, if I am planting a plantain tree, I put it (the manure) in the hole at the bottom of the plant in soil. If the plant gets prepared soil, it won't die. That will allow me to get a good yield in the plantain.

**What is good in the program?** Answer: What do we find in the program, before we didn't have any goat. Now we have goat, we feel that we are proud of that because Mr. Baba gave us a lot of information to take care of our goats. Also if there are any problems Mr. Baba takes good care of the goats.

**What would you like to see improved?** Answer: I would like the Projects to increase more because there are pigs, there are goats, there are cows, it is those I feel that women can take better good care. I think of those. We are asking St Margaret Mary if they could increase, it will be good. We would feel more comfortable because we are happy with what we are already given.

**How do you see the church with the presence of Saint Margrave Mary?** Answer: With Saint Margaret, the church has more people. We become to feel that we are living comfortably because before, sometimes the church was empty. Thanks to what they are doing, thanks to the activity they are sending, we feel that the church becomes to have more people, we feel happy for that.
